Noble Systems Sponsors the 2017 CUNA Operations & Member Experience Council Conference

Atlanta, GA – September 26, 2017: [Noble Systems Corporation](#), a global leader in unified contact center technology solutions, is proud to be sponsoring the [CUNA Operations and Member Experience Council Conference](#) for credit union professionals. The event is coming to Phoenix, Arizona on October 1-4, 2017.

The CUNA Councils are a professional development organization run by credit union leaders for credit union leaders. Councils provide resources, information, networking and career development to credit union CEOs and professionals. Councils include over 6,900 individuals across the United States from credit unions large and small. Geographic and demographic diversity means lots of people to turn to for ideas, advice and answers. Noble Systems is sponsoring the breakout session “*Leveraging Technology to Enhance the Consumer Experience*” on Tuesday, October 3rd (1:30-2:30pm).

Noble Systems’ solutions help companies manage the range of customer communications and related processes, including omnichannel inbound / outbound communications, analytics and automated decisioning, compliance, and resource management, to help improve the customer experience. Frost & Sullivan has named Noble as the [Outbound Market Leader](#) for four consecutive years. The [Noble Inbound 100 solution](#) is designed specifically to target the needs of inbound service organizations and offers a 100% uptime guarantee. The [Secure Payment Assist](#) feature helps companies to meet PCI-DSS regulations, eliminate fraud, and safeguard sensitive customer data. Noble’s innovative premise, cloud and hybrid-based platforms allow organizations to increase efficiency, performance, and productivity throughout their contact center programs while decreasing overhead and maintaining [Compliance for TCPA, PCI-DSS, and other regulations](#). With more than 140 technology patents, Noble leads the way in developing innovative solutions that future-proof our client’s technology investments.
