## Why Gamification?

## Gamification Benefits

## Why Noble Gamification?

### TEAM

We've got experience! Our solution came from our experience in the contact center industry. We understand what motivates agents AND supervisors. We know that high employee motivation generates customer happiness, which drives client satisfaction.

### GAMIFICATION SOFTWARE

Intuitive, fits your business like a glove! Noble Gamification is built from the perspective of our experience in the contact center industry and evolves from our clients, who continue to shape it. Your company will see this experience through the Noble Gamification technology.

### RESULTS

This is a collaborative process between Noble and our clients. When our clients identify "what" they want to achieve, Noble is then able to utilize game mechanics tailored to the client's generational spectrum of employees to maximize the opportunity for success. Ask us about our Industry specific results and schedule a free business assessment.

### TRUST THE EXPERTS

**NOBLE GAMIFICATION CAN IMPACT YOUR BOTTOM LINE.** Noble offers an integrated engagement platform that puts the "want to" into work. That extra productivity turns into revenue. Let us show you how it works.

“ With Noble Gamification, our supervisors hit their team goals 40-60% more often and we reduced deployment costs by \$35,000. The number of new hires who said they understood their goals after their first-day on the job skyrocketed from 45% to 90%. And we had a net improvement in agent turnover of 62%.
